MESSAGE BY CHAIRMAN

Kumar Vaibhav Srivastava

Professor

Department of Electrical Engineering

IIT Kanpur

It was my honor and privilege to serve as the Chairman of IEEE Uttar Pradesh Section, which is part of one of the largest professional society in world, for year 2018. This year UP Section has set new benchmarks and heights in terms of professional activities and recruitment of members. I was fortunate that I got this position with my predecessors like Prof. S. N. Singh, Prof. A. Biswas and Prof. J. Ramkumar. They all had put their best efforts to make UP Section vibrant and visible on map of IEEE. I also tried my best to continue the momentum with same spirit and brought the section to new level. Some of the achievements of this year can be summarized as follows. This year we have received **2018 Outstanding Section Membership Recruitment Performance Award** from IEEE Headquarter. We have also received reward of **USD 3000 from IEEE R-10** for conducting good number activities in UP Section and reporting those in time on IEEE reporting portal. We have organized our flagship event, **5th IEEE UP Section International Conference on Electrical, Electronics and Computer Engineering, UPCON-2018** during November 2-4, 2018 jointly by MMMUT, Gorakhpur and University of the Ryukyus, Okinawa, Japan at Madan Mohan Malaviya University of Technology, Gorakhpur. This year we have initiated special drive to involve industry participants in Section activities and events. For this several members from industries have been invited in UP Section ExCom meeting held in Noida in May 2018 to know their views about section and how can they contribute/bring the Section to new level. Currently UP Section is doing great work to bring Academician, Scientists, Engineers, Professionals, and Industries on single platform and trying to work for society and humanity. Further I would like to say that this year I was blessed with Almighty to work with best team of office bearers, conveners and volunteers. I would like to thank them all and want to mention that without their support and co-operation, I am sure, we would have not reached this place. I want to congratulate and convey my best wishes to incoming team of UP Section office bearers for year 2019.

A.1 EXECUTIVE SUMMARY BY SECRETARY

Satish Kumar Singh

Associate Professor

Department of Information Technology

IIIT Allahabad

IEEE Uttar Pradesh (UP) Section, which is one of the TEN sections in India and geographically covering three operations in Uttar Pradesh, Uttarakhand and Nepal. Although the IEEE activities were started in the section from 1970 and it was the sub-section under the Delhi Section. It was the whole hearted efforts of Dr. G. K. Dubey that a full section could be formed named as “IEEE U.P. Section” in December 1991, who took over as the first and the founder Chairman for the year 1992. Since then the IEEE Uttar Pradesh section is continuously involved in promoting the IEEE and various technical fields of interest through various activities. The membership growth and number of activities in the section is strictly monotonic since it's inception and is the only reason that today it is one of the most vibrant section in India. Today IEEE Uttar Pradesh section is un-ignorable and having the strong leadership not only at India Council level but at Asia Pacific level too. Presently Prof. S. N. Singh who was one of the past chairs of the section is the India Council Chair, 2019 and represented at R10 level in various capacities. Many other executive committee and other members are having representation at India Council and E10 level. The section received many awards and recognitions in recent years. In last few years, many new student branches, branch chapters and affinity groups have been formed in the section. This annual report presents some facts and figures regarding vibrancy of the section in terms of the activities and membership strength in 2018. The next office may take a reference of this report and may plan the directions for 2019.

SECTION HIGHLIGHTS, 2018

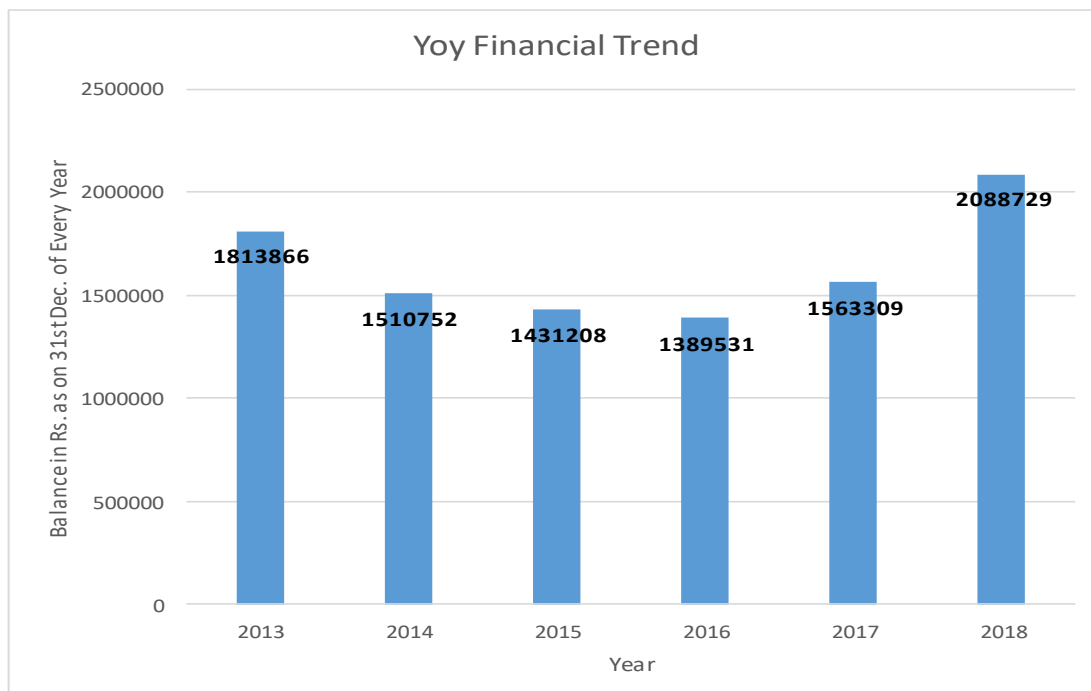

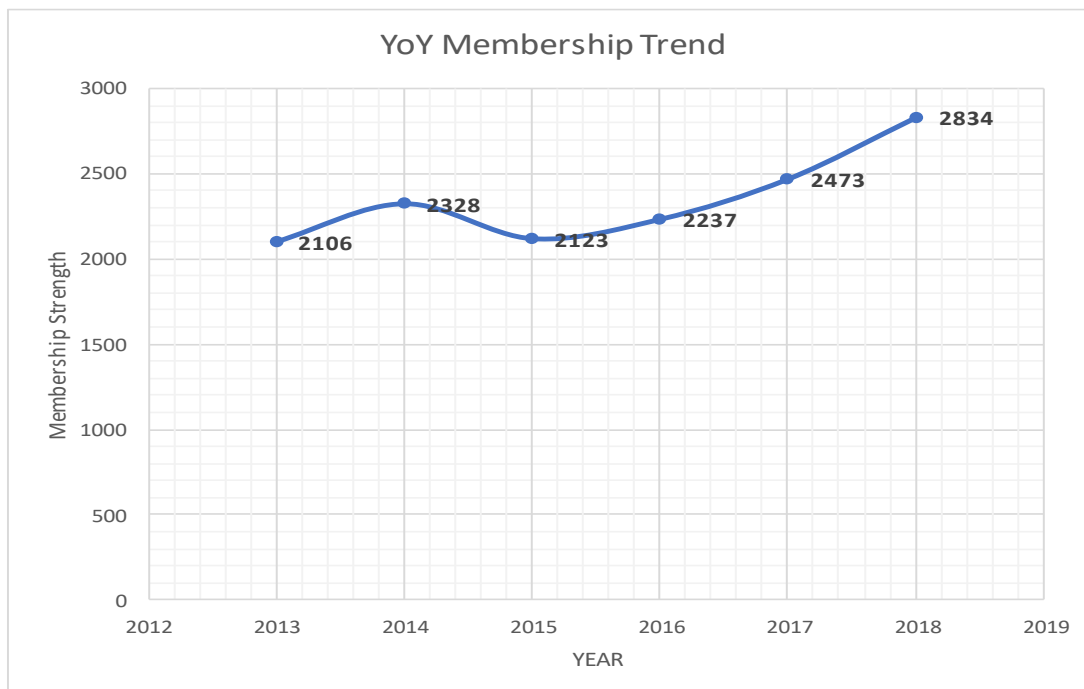

Since past few years, IEEE UP Section has continuously growing, both in term of membership as we all activities. In year 2018, our membership strength reached to 2834 and we have organised total 280 events throughout the year. Both these achievements are new records for our section. IEEE UP Section is one the most vibrant section in India and R10 level. A brief summary of section can be given as follows:

- Number of members- 2834
- Number of sub-sections - 2
- Number of society chapters - 9
- Number of student branches - 70
- Number of newly formed student branches - 5
- Number of student branch chapters - 56
- Number of newly formed chapters/affinity groups –1
- Number of newly formed SIGHT groups -7
- Number of events organised in 2018 –280

AWARDS AND RECOGNITIONS

Section Awards, 2018

To recognise the efforts of active IEEE volunteers of section, we have constituted section awards. For year 2018, the list of recipient of these awards is as follows:

S.No.	Award Name	Awardee
1	Outstanding Branch Counselor/Chapter Advisor Award	Dr. Sandeep Anand, PES, IIT Kanpur
2	Outstanding Section Volunteer Award	Dr. Dilip Sharma, GLA University ,Mathura
3	Best Student Branch /Chapter Award	MMMUT Student Branch, Gorakhpur
4	Largest Student Branch Award	Womens' Institute of Technology, Dehradun

Special Awards, 2018

IEEE UP Section organises IEEE Uttar Pradesh Section International Conference on Electrical, Electronics and Computer Engineering (UPCON), which is a section conference. This year we have given special awards to individuals for their outstanding contribution to the section's con-

S.No.	Award Name	Awardee
1	Outstanding Contributions to Section 's Conference	Dr. Brijesh Kumar, ECE, MMMUT ,Gorakhpur
2	Outstanding Contributions to Section 's Conference	Dr. Diwakar Yadav, CSE, MMMUT ,Gorakhpur

G. K. Dubey Memorial Award, 2018

IEEE UP Section has constituted the G. K Dubey Memorial Lifetime Achievement Award, to recognise section IEEE volunteers who have put the immense efforts in growth of IEEE UP Section over the years. Without whom, it wouldn't have been possible for us to grow.

Award Name	Awardee
Lt. Professor G. K. Dubey Memorial Lifetime Achievement Award	Dr. S. N. Singh, Past Chair, IEEE UP Section, Chair, IEEE India Council; R10 Workshop and Seminar Coordinator, and Vice Chancellor, MMMUT Gorakhpur

Awards Received by Section, 2018

In Year 2018, IEEE UP Section has also received few outstanding awards, list of same is as below.

Award
Outstanding Section Membership Recruitment Performance Award by IEEE MGA
Second Position and USD3000 in R10 Section Incentive for Conducting and L31 Reporting

B.7 COMMUNICATION ACTIVITIES

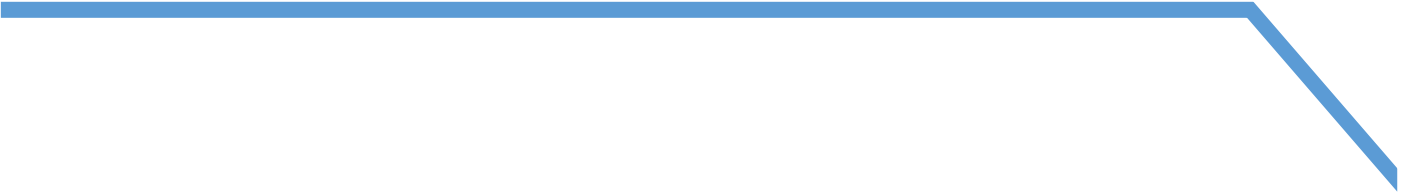

E-newsletter:

In year 2018, IEEE Uttar Pradesh section started publishing the e-newsletter containing the information about the important events, achievements, messages, photographs, articles and many more which is relevant to the readers and appropriate for the section. In year 2018, two issues per volume are published by the section, circulated among all the members of the executive committee and uploaded to section's website.

Section sites:

IEEE Uttar Pradesh Section is continuously updating all the events and important information on the section's website to keep the users up-to-date about the sections activities and operations. The website address is www.ieeeup.org and excellent interface between the event organizers and section. All the important forms and formats are being uploaded to the section's website.

B.8 INDUSTRY RELATION

IEEE Uttar Pradesh Section is promoting the Industry Interface and associating many industries from Research and Development, Manufacturing, and Government sector. The section is also supporting the startups in the Uttar Pradesh region. Many members from Industries have already joined the IEEE and actively participating in various technical and other activities. Many Conferences in the section are organizing the industry meets and inviting the industry persons as chef guests, guest of honor, invited lecturers, key-note address etc. The student branches in the section are encouraged to have strong industry interface. IEEE Uttar Pradesh Section has one Industry Interface Committee and one executive committee member has been assigned the responsibility of the Convener Industry Interface. The convener of this committee is basically an industry person. The role of the committee is to set up the new industry contact points and organizing the events where mainly the industry persons are participating.

C.1 SPECIAL EVENTS

IEEE UPCON is a UP Section's Conference, which is organised at different locations of Uttar Pradesh annually. In year 2018, it was held at MMMUT Gorakhpur. It was very grand and successful event. This year IEEE UPCON is being organized at Aligarh Muslim University (AMU), Aligarh, and Uttar India. The purpose of organizing such a rotational event at different locations of the section is to make the members aware of IEEE activities and expanding the vibrancy throughout the geographical area of the section. Section is planning some more such activities in future.

C.2 RELATIONSHIP WITH NATIONAL AND INTERNATIONAL SOCIETIES AND NON-GOVERNMENT ORGANISATIONS (NGO)

IEEE Uttar Pradesh Section is associated with many national professional societies like Institute of Electronics and Telecommunication Engineers India, Computer Society of India, Institution of Engineers India, and others. Section organized many activities jointly sponsored and supported by one of the national societies.

C.3 COLLABORATION WITH OTHER IEEE SECTIONS

IEEE UP Section is quite pro-active, when it comes to collaboration with other IEEE Sections. There are few significant activities which we organise or extend our support. A brief list of them is as follows.

1. INDICON – It is an India Council conference, and we extend our support to it every year. We extend our support to the conference financially as well as organisational support while organized by the section.
2. CICT –International Conference on Computational Intelligence and Communication Technology (CICT), is an annual event, which is jointly organised by IEEE UP Section, Bombay Section and Madras Section. In future we plan to involve other section of India. This year IEEE UP section is organizing this conference and financially sponsored the same. Next edition will be organized by IIIT Kanchipuram, which is geographically located in Madras Section.
3. AISYWC – All India students - Young professional – Women in engineering congress is an annual event of India Council, which is organised at different location across India. We extend our support to this congress both directly and indirectly. We provide financial and organisational support as well as we provide travel support to few participants to attend the congress. The section is planning to organize the AISYWC 2019. In this flagship event the participants and resource persons from all the sections of India use to participate.

C.4 SUPPORT EXTENDED TO SUB-SECTION & SOCIETY CHAPTERS WITHIN THE SECTION

In IEEE UP Section, we have two sub-sections i.e. Roorkee sub-section and Nepal-subsection. We are very involved with both of them and organise multiple activities together and also support both of them in every manner possible. List of events included various events that we have organised. IEEE Uttar Pradesh Section involved the chairpersons of these sub-sections in the section's executive committee too.

C.5 BEST PRACTICES OF YOUR SECTION

New Conference/Workshop Format Adopted: In year 2018 IEEE UP Section adopted a new application format for conferences/workshops sponsorship to be organized in Uttar Pradesh Section. The format is very comprehensive and detail information are required from the event organizers. Various guidelines are also provided to the organizers for organizing the event in the best professional way.

Webex meetings: In year 2018 section again started the webex based executive committee meetings to curtail the meeting expenditures and better participation of the members and TWO out of SIX executive committee meetings were the webex meetings.

Oversight committee formation: IEEE Uttar Pradesh Section continued to form an oversight committee consisting of 2-3 executive committee members for each and every conference/workshop organized in the section and technically of financially sponsored by the section. The conference organizers may seek any help or assistance from the members of the oversight committee members to organize the event professionally and ethically. The oversight committee used to visit the event in person and observe the entire professional process and conduct in terms of the technical quality of papers, key-note speakers, review process, schedule, and any other relevant thing. The committee provide the report to the section and executive committee decides the further course of action on the basis of the feedback being provided by the oversight committee.

Democratic decision making: IEEE Uttar Pradesh Section has adopted the democratic decision making process and any decision is taken by the executive committee only except few limited power to the section chair. All the decisions are taken after due deliberations among the committee members. All the resolutions are recorded by the secretary in minutes and circulated among all the committee members.

L31 Event reporting: IEEE Uttar Pradesh Section in 2018 emphasised the advance L31 event reporting and many reminders are being sent by the secretary to all the chairs/conveners and other members of in the section. In year due to this practice IEEE Uttar Pradesh Section received the 2nd position by R10 and got rewarded with the USD3000. The section is pushing the organizers to report each and every event on L31 and this is adding the reputation and visibility to the section.

Section sites: IEEE Uttar Pradesh Section is continuously updating all the events and important information on the section's website to keep the users up-to-date about the sections activities and operations. The website address is www.ieeeup.org and excellent interface between the event organizers and section. All the important forms and formats are being uploaded to the section's website.

E-newsletter: In year 2018, IEEE Uttar Pradesh section started publishing the e-newsletter containing the information about the important events, achievements, messages, photographs, articles and many more which is relevant to the readers and appropriate for the section. In year 2018, two issues per volume are published by the section, circulated among all the members of the executive committee and uploaded to section's website.

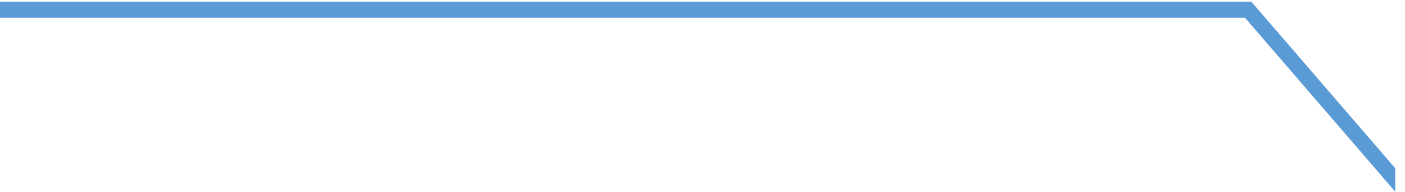

WIE/SIGHT/YP/STD event promotions: In year 2018 IEEE Uttar Pradesh Section promoted the women in engineering (WIE), Special Interest Group on Humanitarian Technology (SIGHT), Young Professional (YP) and Students' related activities in the section. The section through its conveners promoted and supported the formation of the respective groups in the form of branches, chapters, and affinity groups. In year lots of the SIGHT groups have been formed and new student branches added in the section. Large number of activities have been organized by these groups and good grants received for the same.

Support for Participation in SYWL COGRESS Malaysia: The section supported the participation of TWO of its executive committee members to attend the SYWL congress in Malaysia. The objective of supporting them was to equip them with the required knowledge and best practices while conducting such activities in future by the section. These participants were also the ambassadors of the section and represented the section very well at R10 level.

Support for Participation in AISYWC: In year 2018, IEEE Uttar Pradesh supported the few executive committee members and branch officers from interested and potential student branches to participate and represent the section in this congress. The purpose of this support was to provide the exposure to its student branches and promote such activities in the section.

IEEE Day Grants: In year 2018, IEEE Uttar Pradesh Section continued providing the support to its student branches to celebrate the IEEE Day. This year the grant was provided on the basis of the branch performance and the student branches having more membership strength and activities received more grants. This practice will create a healthy completion among the student branches and more and more technical activities may be conducted in future.

Financial Sponsorship to the Conferences: In year 2018, IEEE Uttar Pradesh section provided the financial sponsorship to the FOUR conferences to be organized in 2019 compare to ONE in year 2017. The purse of providing the financial conference is to support and promote the reputed conferences in the section and involvement of the section in organizing such conferences.

DL activities: The section and its other organizational units invited many eminent persons throughout the world as distinguished lecturers under DL program by different IEEE societies.

Distributed venue for EXECOM: IEEE Uttar Pradesh Section adopted to conduct its executive committee meeting at geographically distributed locations in Uttar Pradesh and Uttarakhand to ensure the promotion of section and greater participation of the members in the meetings. This also provides the vibrancy in the section and members gets motivated to extract the maximum benefit in terms of technical and professional competence.

C.6 PROBLEMS ANTICIPATED AND SUGGESTIONS FOR SOLUTIONS, IF ANY

- Membership retention will be a problem so more and more student related activities shall be promoted.
- Quality of the technical events is another point of concern, which can be taken care by proper monitoring of the events and proper guidance by the section.

D.1 CONTINUATION OF PROJECT/ACTIVITY IN PROGRESS AND THEIR IMPLEMENTATION PLAN

IEEE UPCON 2019 preparation in progress

D.2 GOALS AND FUTURE PLANS

1. Promotion for Membership Growth by 20% compared to the last year
2. IEEE Awareness among the local students, academicians, professionals through various promotional activities.
3. Promoting SIGHT Activities through the involvement of members and organizing humanitarian activities throughout the section.
4. Promoting WIE Activities through the involvement of women engineers in the section.
5. Promoting YP Activities through various activities in the section.
6. Promoting Technical Activities through Financially supported conferences, workshops, seminars, symposiums etc.
7. To organize the all India student, young professional, and women in engineering congress by the section in 2019.
8. Promoting IEEE at pre-university level through various activities and awareness programs among the school students.
9. Promoting the ethical practices by the section.

LIST OF CONFERENCES TO BE ORGANISED IN 2019

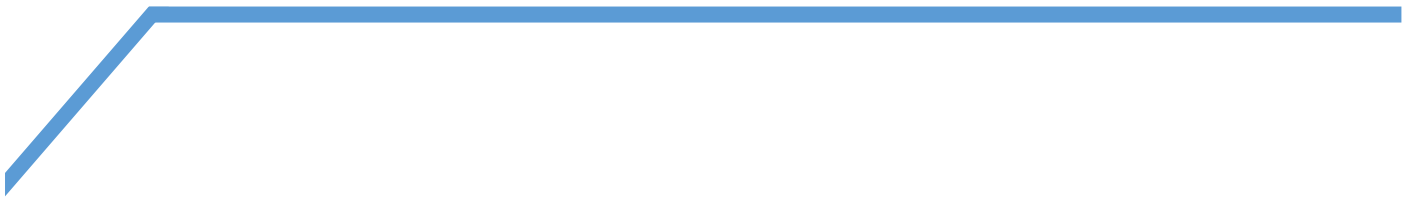

S.NO	EVENTS	INSTITUTES	DATE
1	8th International Conference themed on "Cloud Computing, Data Science & Engineering (Confluence)	ASET, Amity University Noida	January 10-11, 2019
2	6th International Conference on Signal Processing & Integrated Networks – SPIN 2019 (http://www.amity.edu/spin2019/)	Dept of ECE, Amity University, Noida	March 07-08, 2019
3	International conference on internet of things: Smart Innovation and Usages (IoTUI2019)	Krishna Engineering College, Ghaziabad	April 19-20, 2019
4	6th UPCON 2019	AMU, Aligarh	November x-y, 2019
5	International Conference on Issues and Challenges in Intelligent Computing Techniques (ICICT)	KIET, Ghaziabad	September 27-28, 2019
6	5th Student's Conference on Engineering and Systems (SCES-2019)	MNNIT, Allahabad	May 29-31, 2019
7	5th International Conference on Power, Control & Embedded Systems (ICPCES-2019)	MNNIT, Allahabad	October 03-05, 2019
8	First International Conference on Emerging Trends in Technology and Applications (ETTA)-2019)	REC Kannauj	February 01-02, 2019
9	International Conference on Innovative Sustainable Computational Technologies (ICISCT 2019)	Graphic Era Deemed University Dehradun	October 11-12, 2019
10	International Conference on Computing, Communication and Networking Technologies (ICCCNT-2019)	University of South Alabama USA	July 06-08, 2019
11	8th International Conference on System Modeling & Advancement in Research Trends (SMART-2019)	TMU Moradabad	November 22-23, 2019

D.3 ANY INNOVATIVE IDEAS TO MAKE IEEE MORE CREATIVE AND VALUE ADDED

- Some scholarships at student branch level should be created. These scholarships may be of small amount but great citations.
- More and more awards should be created for the innovative ideas by the students.
- Some project grant should be provided to each and every student branch for one or two selected projects.
- The membership elevations should be promoted at R10 level and suitable referees should be identified for each and every society, who can provide the recommendations to our applying members.
- Various society DL should be identified at section level and should be supported by the R10.

D.4 BUSINESS PLAN FOR SUSTAINABLE GROWTH AND FINANCIAL STABILITY

IEEE Uttar Pradesh Section is having the largest number of the technical students at UG and PG levels and lots of students are doing research and if these students are involved then require the access of IEEE Journals, Transactions etc. So indirectly the IEEE publication business is promoted through the involvement of the students and its members. Majorly all the activities of the section are self sustainable and run by the funds generated by the organizers in the form of small token registration fees and sponsorships from government and non government organizations. Section is also supported by some conference organizers too. Section is managing its activities through the operational funds received from head quarters. So we can say that till now the section is financially stable and will try to maintain the same in future also.
