

IEEE UP Graduate Talk Series

IEEE UP Graduate Talk Series

About:

IEEE UP Section is dedicated to enhancing the membership experience of its members. With the same motive, the Section brings a new initiative "Graduate Talk Series" for its members.

We have five national and many other reputed technical institutions in its geographical boundary. The "Graduate Talk Series" presents a unique opportunity to the Ph.D. student of the Section to share their knowledge and idea with the engineering community of the section.

To the audience, it offers a glimpse of the ongoing research in different domains. Further, it also presents networking opportunities for research scholars and will strengthen the research community.

Incentives:

For speakers:

1. Opportunity to share their knowledge and idea.
2. Networking with section's research fraternity.
3. Fine-tune your presentation skills.
4. Appreciation Certificate from Section.

For audience:

1. Get a glimpse of the ongoing research in different areas.
2. More insight from the research field for your career plan.
3. Participation Certificates.

IEEE UP Graduate Talk Series

To be a Speakers:

Eligibility:

1. He/She must be pursuing a Ph.D. or have submitted within the last 3 years (i.e. Since January 2019).
